Mosonmagyaróvár, 1996.07.15

Motivation:

As an enthusiastic junior I am looking for a job where I can work with experienced staff to quickly deepen my knowledge.

Studies:

// 2016 - 2019 (graduated)

University of Pannonia -
Software Engineer Bsc.

Certificates:

- English exam
- B category driving license

Jobs:

// 2018.07 - 2019.09.

// Custom tool tailored for the needs of a small department.

Continental(Veszprém) - trainee

- WinForm
- ASP .Net API, Dapper, MySql / Access

// 2019.04 - 2019.09.

// Getting familiar with Augmented Reality frameworks

University of Pannonia - project

- Vuforia, Unity3D

Projects (on GitHub and Itch.io):

// 2018. 09 - 2018. 12.

// Rigidbody based FPS controller with wallrun & climb

Game demo- Floor is lava

- Unity3D

// 2019.10 - 2020.12.

// Link content to Vuforia trackables in a way, that both the
// trackables and the content can be updated from a server,
// without updating the app, including assets and code.

Thesis work

- Unity3d, Vuforia
- ASP .Net API, Dapper, MySql, SQLite

// 2018. 09 - 2018. 12.

// 2D base-defense game developed by 4 people.

// Designed and implemented most of the game systems.

University group work - GateKeeper game

- Unity3d

// 2018. 06 - 2018. 09.

// 2D, top-down spaceship game.

// My first larger C# / Unity project.

Shoot Them Up - game

- Unity3d
